# Measurement for inside a window recess

First measure the **Width** in **3 places**, record the smallest Width in the width box on the order form.

Measure the **Drop** in **3 places,** record the smallest Drop in the drop box on the order form.

Important *when entering your sizes into the 'Exact width and Exact drop' boxes, be sure to add the word* **RECESS** *after the inputted size.* We will make a small deduction to allow for clearance.
